Sairam Krishnan
Class 50 Wharton MBA Program for Executives

Dear Sairam,

Congratulations on having made the Director's List for the Summer 2024 term, which indicates that you were in the top 10% of your class. Given how tough it is to balance the many calls on your time, this is a very significant accomplishment of which you should be proud.

In general, we regard your academic performance as a personal matter, and we don't share grading information with others. However, students occasionally have asked us to notify their employers of their having achieved Director's List status, and we would be happy to write a note of acknowledgment upon your request. If you'd like that, just let Kim or Alla know to whom the note should be addressed.

Again, congratulations. Keep up the good work.

Sincerely,

Kim Cowperthwaite
Associate Director
